*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)
281-287 Lily Street is located on a lot measuring 27.5' x 120 on the south side of Lily Street between Octavia and Laguna Streets. Also located on this parcel is 284 Page Street, which occupies the south end of the lot. Built circa 1910, 281-287 Lily Street is a three-story, wood frame, four-unit Romeo flat designed in a modified Classical Revival style. The rectangular-plan building is clad in flush wood siding on the primary façade and shiplap wood siding on the visible secondary facades. It is capped by a flat roof. The primary façade faces north and is three bays wide. The typical fenestration consists of one-over-one, double-hung, wood-sash windows with molded surrounds. The first floor has a pair of gated windows in each outer bay and a gated recessed open stairwell in the center bay. The second floor contains large individual windows with enlarged keystones in the outer bays, and a landing with two glazed wood doors with molded surrounds and transoms in the center bay. The third floor features semi-hexagonal bay windows with continuous wood sills and intermediary cornices in the outer bays, and another landing with two glazed wood doors in the center bay. The primary facade terminates in a simple entablature with projecting box cornice. The building appears to be in good condition.
