*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

484 Oak St. is located on a 40' x 69' lot on the north side of Oak Street, between Buchanan and Laguna Streets. Built circa 1895, 484 Oak St is a 2.5-story, wood frame, single family dwelling designed in the Queen Anne style. The L-plan building, clad in drop wood and wood shingle siding, is capped by a gable roof. The foundation is not visible. The primary façade faces south and is 3 bays wide. The building is set back from the street and the lot frontage is lined with a concrete retaining wall and modern wood fence. A wheelchair lift is set at the west end of the frontage, providing access to the main entrance. Concrete steps lead from the street to the main entrance. The first floor of the building features the main entrance in the left bay, sheltered by a wide entry porch. The porch has a paneled balustrade, turned posts, arched, lattice screens; and a pedimented gable roof with bracketed cornice and bulls eye frieze. The gable has scrolled vine ornament in the tympanum. The building has a single entrance with a double-leaf, paneled, glazed wood doors and a continuous transom. The center and left bays have double-hung, wood windows with molded spandrel panels. The first story entry porch continues on the second story with a lattice balustrade, square column posts, arched lattice screening, and flat roof with paneled frieze and bracketed cornice. The porch shelters two double-hung, wood windows. The center bay has a single double-hung wood window, and the right bay has a rounded corner bay window with the same sash and conical roof. The left bay has a gable set within full gable at the second-story level (continued)

P3a. Description, continued.
partially interrupted by the conical roof of the corner bay window. The gable half story is clad in wood shingles and has an off-center, double-hung wood window. The apex of the gable has a sunburst motif and elongated bracket finial. The roof is clad in asphalt shingles. The building appears to be in good condition.
