*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

230 Hermann Street is located on a 736-square-foot, rectangular lot on the north side of Hermann Street, between Fillmore and Webster Streets. 230 Hermann is a two-story, wood frame, single family residence designed in the Stick/Eastlake style. The rectangular-plan building is clad in rustic shiplap wood siding. Its foundation is not visible and the structure is capped by a flat roof. The primary façade faces south and is two bays wide. The left bay of the first floor features a two-story rectilinear bay window with double-hung wood-sash windows, surround molding, and cornices supported by brackets and decorative wood panels. The right bay of the first floor contains a recessed entrance with an ornate door hood composed of decorative fluted brackets, an entablature, and a cornice. The main entry consists of a multi-panel wood door with glazing and a transom. Above the main entrance, in the right bay of the second floor, is a single, wood double-hung window with molded surrounds, an entablature, and decorative window hood. The primary façade terminates in a false front parapet, detailed with a broad entablature with semi-circular molding in the frieze, ornate brackets, panel molding, and a sculpted cornice. The building appears to be in good condition and contributes to the Hayes Valley Residential Historic District.
