*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

384-388 Page St. is located on a 30' x 93' lot on the north side of Page Street, between Buchanan and Laguna Streets. Built circa 1895, 384-388 Page St is a 3-story, wood frame, multiple family residence designed in the Italianate style. The rectangular-plan building, clad in wood horizontal drop siding, is capped by a hip roof. The foundation is not visible. The primary façade faces south and is 2 bays wide. The left bay of the first floor features a three-story semi-hexagonal bay with double-hung wood-sash windows and spandrels with square moldings. The right bay of the first floor contains terrazzo steps that lead to an arched recessed entrance framed by Ionic columns. This entrance features pilasters that separate three glazed wood panel doors with transoms. The upper two floors of the right bay are characterized by single double-hung windows with spandrels, square molding, flat-panel surrounds, and flat window hoods. The primary facade terminates in a molded architrave, frieze of square moldings, and a cornice with dentils and modillions. The building appears to be in good condition.
