*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)
61-65 Webster St. is located on a 1,950 square-foot lot on the west side of Webster Street, between Hermann and Germania Streets. Built in 1916, 61-65 Webster St. is a four-story, wood-frame, four-unit multiple-family building designed in the Classical Revival style. The rectangular-plan building, clad in wood rustic siding and brick, sits on a reinforced concrete, perimeter foundation and is capped by a flat roof. The primary façade faces east and is two bays wide. The raised basement story is clad in brick and features a garage and a wood pedestrian door in the left bay and a terrazzo stair in the right bay. The second floor is characterized by a chamfered bay window in the left bay that rises to the cornice. The right bay contains a recessed entry containing two wood, glazed doors capped by an entablature. The entryway is framed by a pair of engaged pilasters. The upper two floors contain a chamfered bay window in each bay with recessed spandrel panels between the third and fourth floors. The façade terminates in an entablature with block modillions and a simple cornice. All windows feature molded surrounds and wood, one-over-one double-hung sashes.The building appears to be in good condition.
