*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

124-128 Fillmore Street is located on a rectangular corner lot on the east side of Fillmore Street between Germania and Hermann Streets. Built in 1902, 124-128 Fillmore Street is a 3-story, wood-frame, 4-unit, multiple-family dwelling designed in the Classical Revival style. The rectangular-plan building, clad in shiplap siding, sits on a reinforced concrete perimeter foundation and is capped by a flat roof. The primary façade faces west toward Fillmore Street and is 2 bays wide. A secondary façade faces north toward Germania Street and is 4 bays wide. The right bay of the first floor of the primary facade features an arched and gated recessed entrance flanked by columns. Terrazzo steps lead to three, paneled, wooden doors with transoms. The left bay features a pair of windows. The upper two floors are characterized by a semi-hexagonal bay window in the right bay and a five-sided corner bay window in the left bay. The north elevation has single windows in each bay on the first story and semi-hexagonal windows divided by single windows in the upper stories. All windows are one-over-one, double-hung, wood sash. Both elevations terminate in a frieze and projecting cornice with dentils. The building appears to be in good condition and contributes to the Hayes Valley Residential Historic District.
