*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

160 Haight Street is located on a 35.5' x 120' lot on the north side of Haight Street, between Laguna and Octavia Streets. Built in 1895, 160 Haight Street is a 2.5-story, wood frame, single-family residence designed in the Stick/Eastlake style with Queen Anne influences. It is one of two buildings on the parcel; the other building being a two-story garage at 263 Rose St. The rectangular-plan building, clad in horizontal drop wood siding on the first two floors and wood shingles on the upper-most floor, sits on a brick perimeter wall foundation and is capped by a clipped hip roof. The primary façade faces south and is two bays wide with a shallow recessed projection off the west side. The building is enclosed behind a low concrete site wall and a cast-iron fence. The left bay of the first floor features a recessed entry porch approached by granite steps. This entrance consists of glazed wood-panel double doors with surround moldings and transoms. The entry porch is defined by turned wood posts, which support a shingled pent roof, arched pediment, and a turned balustrade. In the left bay of the second floor are wood-panel detailing and a single window with ornamental surrounds and an entablature. (See Continuation Sheets)

***P3a. Description: (cont'd)**
The right bay features a two-story box bay window capped by a gable. This bay window is adorned with ornate sculpted panels, decorative brackets with bracket extensions, a shingled pent roof with an arched pediment, button motifs, and a three multi-light, half-story windows. The fenestration, unless otherwise noted, consists of double-hung, wood-sash windows. The primary façade terminates in a clipped gable with decorative verge board ornamentation, panel molding, and decorative cornices.

The building appears to be in good condition.
