3. 2019-017481SHD  
   (N. FOSTER: (628) 652-7330)  
   530 SANSOME STREET – east side between Washington and Merchant Streets; Lots 013, 014, and 017 in Assessor’s Block 0206 (District 3) – Discussion and possible Joint Action by the Planning Commission and the Recreation and Park Commission to raise the absolute cumulative limit for Maritime Plaza and set an absolute cumulative limit for Sue Bierman Park, pursuant to the jointly-approved Planning Code Section 295 Implementation Memo adopted in 1989, in order to accommodate new shadow cast by the proposed project at 530 Sansome Street. The proposed project (“Project”) includes the demolition of three existing buildings, including San Francisco Fire Department (SFFD) Station 13 and two vacant commercial buildings and the construction of a new mixed-use building reaching a roof height up to 218 feet tall (236’ inclusive of rooftop screening/mechanical equipment).
The Project proposes two distinct development programs that could be implemented, one that would construct various commercial uses further described below (“Commercial Variant”) and one that would construct residential uses further described below (“Residential Variant”). Both the Commercial Variant and Residential Variant would include construction of a state-of-the-art, four-story Fire Station 13 (approximately 21,000 square feet of gross floor area with minor variations in square footage between the Commercial Variant and Residential Variant), as well as a below-grade, non-accessory private parking garage for the SFFD containing 18 spaces (approximately 7,800 square feet of gross floor area with minor variations in square footage between the Commercial Variant and Residential Variant). The Commercial Variant would include a total of approximately 249,000 square feet of gross floor area, including the Fire Department uses, as well as various commercial uses contained in a 19-story tower, including approximately 141,000 square feet of hotel uses (200 rooms), approximately 37,100 square feet of office uses, approximately 32,000 square feet of gym uses and approximately 7,900 square feet of restaurant uses. The Commercial Variant proposes 22 Class 1 and 26 Class 2 bicycle parking spaces, three (3) off-street loading spaces, as well as 30 parking spaces and one (1) car-share below-grade parking spaces for the non-Fire Department uses. The Residential Variant would include a total of approximately 283,000 square feet of gross floor area, including the Fire Department uses, as well as approximately 247,000 square feet of residential uses (256 dwelling units) in a 21-story tower. The additional two building stories in the Residential Variant are the result of slightly smaller floor-to-floor ceiling heights for the residential floors. The Residential Variant proposes 143 Class 1 and 21 Class 2 bicycle parking spaces, three (3) off-street loading spaces, as well as 64 parking spaces and two (2) car-share below-grade parking spaces for the residential uses. The Residential Variant would contain a mix 191 studio and one-bedroom units, 38 two-bedroom units, and 27 three-bedroom units. For both the Commercial Variant and Residential Variant, SFFD proposes changes to the lane configuration and traffic light facilities on Washington Street, such that SFFD engines would be able to safely make westbound and eastbound turns out to Washington Street to enhance SFFD’s ability to promptly respond to emergency calls. The Project Site is located within a C-3-O (Downtown Office) Zoning District, Downtown Plan Area, and 200-S Height and Bulk District.

Preliminary Recommendation: Raise Cumulative Shadow Limit
(Proposed for Continuance to July 15, 2021)

ADJOURNMENT
Hearing Procedures
The Planning Commission holds public hearings regularly, on most Thursdays. The full hearing schedule for the calendar year and the Commission Rules & Regulations may be found online at: www.sfplanning.org.

Public Comments: Persons attending a hearing may comment on any scheduled item.

- When speaking before the Commission in City Hall, Room 400, please note the timer indicating how much time remains. Speakers will hear two alarms. The first soft sound indicates the speaker has 30 seconds remaining. The second louder sound indicates that the speaker’s opportunity to address the Commission has ended.

Sound-Producing Devices Prohibited: The ringing of and use of mobile phones and other sound-producing electronic devices are prohibited at this meeting. Please be advised that the Chair may order the removal of any person(s) responsible for the ringing or use of a mobile phone, pager, or other similar sound-producing electronic devices (67A.1 Sunshine Ordinance: Prohibiting the use of cell phones, pagers and similar sound-producing electronic devices at and during public meetings).

For most cases (CU’s, PUD’s, 309’s, etc…) that are considered by the Planning Commission, after being introduced by the Commission Secretary, shall be considered by the Commission in the following order:

1. A thorough description of the issue(s) by the Director or a member of the staff.
2. A presentation of the proposal by the Project Sponsor(s) team (includes sponsor or their designee, lawyers, architects, engineers, expediters, and/or other advisors) would be for a period not to exceed 10 minutes, unless a written request for extension not to exceed a total presentation time of 15 minutes is received at least 72 hours in advance of the hearing, through the Commission Secretary, and granted by the President or Chair.
3. A presentation of opposition to the proposal by organized opposition for a period not to exceed 10 minutes (or a period equal to that provided to the project sponsor team) with a minimum of three (3) speakers. The intent of the 10 min block of time provided to organized opposition is to reduce the number of overall speakers who are part of the organized opposition. The requestor should advise the group that the Commission would expect the organized presentation to represent their testimony, if granted. Organized opposition will be recognized only upon written application at least 72 hours in advance of the hearing, through the Commission Secretary, the President or Chair. Such application should identify the organization(s) and speakers.
4. Public testimony from proponents of the proposal: An individual may speak for a period not to exceed three (3) minutes.
5. Public testimony from opponents of the proposal: An individual may speak for a period not to exceed three (3) minutes.
6. Director’s preliminary recommendation must be prepared in writing.
7. Action by the Commission on the matter before it.
8. In public hearings on Draft Environmental Impact Reports, all speakers will be limited to a period not to exceed three (3) minutes.
9. The President (or Acting Chair) may impose time limits on appearances by members of the public and may otherwise exercise his or her discretion on procedures for the conduct of public hearings.
10. Public comment portion of the hearing shall be closed and deliberation amongst the Commissioners shall be opened by the Chair;
11. A motion to approve; approve with conditions; approve with amendments and/or modifications; disapprove; or continue to another hearing date, if seconded, shall be voted on by the Commission.

Every Official Act taken by the Commission must be adopted by a majority vote of all members of the Commission, a minimum of four (4) votes. A failed motion results in the disapproval of the requested action, unless a subsequent motion is adopted. Any Procedural Matter, such as a continuance, may be adopted by a majority vote of members present, as long as the members present constitute a quorum (four (4) members of the Commission).

For Discretionary Review cases that are considered by the Planning Commission, after being introduced by the Commission Secretary, shall be considered by the Commission in the following order:

1. A thorough description of the issue by the Director or a member of the staff.
2. A presentation by the DR Requestor(s) team (includes Requestor(s) or their designee, lawyers, architects, engineers, expediters, and/or other advisors) would be for a period not to exceed five (5) minutes for each requestor.
3. Testimony by members of the public in support of the DR would be up to three (3) minutes each.
4. A presentation by the Project Sponsor(s) team (includes Sponsor(s) or their designee, lawyers, architects, engineers, expediters, and/or other advisors) would be for a period up to five (5) minutes, but could be extended for a period not to exceed 10 minutes if there are multiple DR requestors.
5. Testimony by members of the public in support of the project would be up to three (3) minutes each.
6. DR requestor(s) or their designees are given two (2) minutes for rebuttal.
7. Project sponsor(s) or their designees are given two (2) minutes for rebuttal.

The Commission must Take DR in order to disapprove or modify a building permit application that is before them under Discretionary Review. A failed motion to Take DR results in a Project that is approved as proposed.

**CEQA Appeal Rights under Chapter 31 of the San Francisco Administrative Code**

If the Commission’s action on a project constitutes the Approval Action for that project (as defined in S.F. Administrative Code Chapter 31, as amended, Board of Supervisors Ordinance Number 161-13), then the CEQA determination prepared in support of that Approval Action is thereafter subject to appeal within the time frame specified in S.F. Administrative Code Section 31.16. This appeal is separate from and in addition to an appeal of an action on a project. Typically, an appeal must be filed within 30 calendar days of the Approval Action for a project that has received an exemption or negative declaration pursuant to CEQA. For information on filing an appeal under Chapter 31, contact the Clerk of the Board of Supervisors at City Hall, 1 Dr. Carlton B. Goodlett Place, Room 244, San Francisco, CA 94102, or call (415) 554-5184. If the Department’s Environmental Review Officer has deemed a project to be exempt from further environmental review, an exemption determination has been prepared and can be obtained on-line at [http://www.sf-planning.org/index.aspx?page=3447](http://www.sf-planning.org/index.aspx?page=3447). Under CEQA, in a later court challenge, a litigant may be limited to raising only those issues previously raised at a hearing on the project or in written correspondence delivered to the Board of Supervisors, Planning Commission, Planning Department or other City board, commission or department at, or prior to, such hearing, or as part of the appeal hearing process on the CEQA decision.

**Protest of Fee or Exaction**

You may protest any fee or exaction subject to Government Code Section 66000 imposed as a condition of approval in accordance with Government Code Section 66020. The protest must satisfy the requirements of Government Code Section 66020(a) and must be filed within 90 days of the date of the first approval or conditional approval of the development referencing the challenged fee or exaction. For purposes of Government Code Section 66020, the date of imposition of the fee shall be the date of the earliest discretionary approval by the City of the subject development.

The Planning Commission’s approval or conditional approval of the development subject to the challenged fee or exaction as expressed in its Motion, Resolution, or Discretionary Review Action or the Zoning Administrator’s Variance Decision Letter will serve as Notice that the 90-day protest period under Government Code Section 66020 has begun.
