This is an initial presentation of the in-kind agreement. No action is being requested at this time.
8. Public Comment: At this time, members of the public may address the Citizens Advisory Committee on items of interest to the public that are within the subject matter jurisdiction of the Committee but do not appear on the agenda. With respect to agenda items, the public will be given an opportunity to address the Committee when the item is reached in the meeting. Each member of the public may address the Committee for up to three minutes.

The Brown Act forbids a Committee from taking action or discussing any item not appearing on the posted agenda, including those items raised at Public Comment. In response to public comment on an item that is not on the agenda, the Committee is limited to:

- Briefly responding to statements made or questions posed by members of the public, or
- Requesting staff to report back on the matter at a subsequent meeting, or
- Directing staff to place the item on a future agenda. (Government Code Section 54954.2(a).)

**Cell Phone and/or Sound-Producing Electronic Devices Usage at Hearings**

Effective January 21, 2001, the Board of Supervisors amended the Sunshine Ordinance by adding the following provision: The ringing of and use of cell phones, pagers and similar sound-producing electronic devices are prohibited at this meeting. Please be advised that the Chair may order the removal from the meeting room of any person(s) responsible for the ringing or use of a cell phone, pager, or other similar sound-producing electronic devices (67A.1 Prohibiting the use of cell phones, pagers and similar sound-producing electronic devices at and during public meetings).

**Know Your Rights Under the Sunshine Ordinance**

Government's duty is to serve the public, reaching its decisions in full view of the public. Commissions, boards, councils and other agencies of the City and County exist to conduct the people's business. This ordinance assures that deliberations are conducted before the people and that City operations are open to the people's review.

For more information on your rights under the Sunshine Ordinance (Chapter 67 of the San Francisco Administrative Code) or to report a violation of the ordinance, contact Richard Knee, Chair of the Sunshine Ordinance Task Force, 1 Dr. Carlton B. Goodlett Place, Room 409, by phone at (415) 554-7724, by fax at (415) 554-7854 or by E-mail at [sotf@sfgov.org](mailto:sotf@sfgov.org).

Copies of the Sunshine Ordinance can be obtained from the Clerk of the Sunshine Task Force, the San Francisco Library and on the City's website at [www.sfgov.org/bdsupvrs/sunshine](http://www.sfgov.org/bdsupvrs/sunshine).

**PUBLIC COMMENT**

At this time, members of the public may address the Committee on items of interest to the public that are within the subject matter jurisdiction of the Committee except agenda items. With respect to agenda items, your opportunity to address the Committee will be afforded when the item is reached in the meeting with one exception. When the agenda item has already been reviewed in a public

hearing at which members of the public were allowed to testify and the Committee has closed the public hearing, your opportunity to address the Committee must be exercised during the Public Comment portion of the Calendar. Each member of the public may address the Committee for up to three minutes.

The Brown Act forbids a committee from taking action or discussing any item not appearing on the posted agenda, including those items raised at public comment. In response to public comment, the committee is limited to:

1. responding to statements made or questions posed by members of the public; or
2. requesting staff to report back on a matter at a subsequent meeting; or
3. directing staff to place the item on a future agenda. (Government Code Section 54954.2(a))

## MEMORANDUM

**DATE:** November 12, 2015

**TO:** Members of the EN CAC

**FROM:** Mat Snyder, CAC Staff  
[mathew.snyder@sfgov.org](mailto:mathew.snyder@sfgov.org)

**CC:** IPIC Members

**SUBJECT:** Eastern Neighborhoods Impact Fee and the IPIC Process – Status Report

Last month, because we did not meet, I sent you a memorandum describing the current status of the IPIC revenue and expenditure. This memorandum is to provide an update of what has changed since the October version.

We would like the CAC to take action to approve the expenditure plan at Monday's meeting. As such, please let me know if you have any concerns about the attached so I will be prepared to address it prior to or at the meeting.

With the last memo I sent you, I also asked for feedback regarding any concerns. A few of you indicated that you had no concerns; I didn't hear from any CAC members about having concerns.

### **The Expenditure Plan – Changes since October**

Changes since you last looked at the Expenditure Plan are now highlighted in yellow. I will walk through the changes section by section:

#### Transit

The TSP has been approved. The fee credit that would have been applied to the transit portion of the EN fee that we were anticipating was NOT incorporated into the final legislation. Therefore, the revenue under the Transit category will be retained as EN IPIC revenue and will be subject to the IPIC process. However, MTA and DPW have asked that an additional \$900K be applied to 16<sup>th</sup> Street /22-Fillmore be applied to the Potrero Avenue Streetscape /9-San Bruno Muni Forward project. After adding additional amount to 16<sup>th</sup> Street to assure it received 80% of the category funding, \$243K is left unprogrammed for the five-year period.

#### Complete Streets

The following changes have been made to the following line items since the October version:

**Pedestrian Enhancement and Bicycle Fund (Line 33)** -- an additional \$300K has been added to FY 17 to enable quick use of the funds by DPW. These funds could be used to fund soft costs for such projects as The Loop, or for other Vision Zero-like projects.

**Unprogrammed (Line 38)** – In the last version, we included a “Reserved” line item to indicate an intent to use the funds on a set list of possible projects. In this version, the line item has been renamed “unprogrammed” and moved out an additional year. This is a technical issue: Planning has been advised not to place any line item expenditure in FY 17 or FY 18 for which an agency cannot depend on funds. Showing an allocation in FY 17 and FY 18 indicates that an agency may budget and be authorized to spend money in those years per the City’s budget process. Here, the intent is to keep the funds unallocated awaiting further deliberation on how to spend them. Again, if in the next year, the CAC and the City decide on how to spend these funds, we can then program them through next year’s IPIC process. The intention of this unprogrammed set aside is the same as described before: to set funds aside in the not-to-distant future for projects that we know about but for which has not yet been fully vetted or reviewed. These projects include, but are not necessarily limited to, the following:

- 22<sup>nd</sup> Street Stair (in-kind application on file): \$800K (this is a reduction of the \$3.5M original request per discussion with project sponsor)
- Clementina Alley Improvements (in-kind application on file): \$450K
- Soma Alley Improvements (in-kind application on file): \$20K
- The Loop (Streetscape Component): \$1.82M
- Other Central Waterfront Public Realm Improvements per Central Waterfront Public Realm Plan (currently underway): \$TBD

With all of the changes above, revenue and expenditures balance through FY 21.

#### Recreation and Open Space

**17<sup>th</sup> and Folsom Park (Line 53)** – Last month, I indicated that we placed an additional \$700K for Rec and Park in the current fiscal year. Rec and Park had indicated an immediate need after an initial review of construction bids. This amount has now been removed again for technical issues. Planning has been asked not to show amounts in the current fiscal year for which there has not been an official allocation. The Recreation and Open Space category (and the overall EN IPIC program) now purposely runs a \$700,000 surplus awaiting legislation so that it can be programmed.

**Reserve for possible future projects and Unprogrammed (Line 72 and 73)** – Similar to above, Planning has been asked to keep any non-dedicated funds in “Unprogrammed” line items and keep them in FYs 2019 and later. Therefore, the amount previously programmed under “Reserve” has simply been moved to “unprogrammed”. The intent has not changed: these

Memo to CAC

November 12, 2015 Update on EN IPIC Expenditure Plan

funds can be used for not-so-distant-but-not-fully vetted projects, which could include the open space portion of “the Loop”.

**Summary**

Again, do let me know of any significant concerns so I can be prepared to answer at Monday’s meeting.
