

Connecting Buchanan Mall to Hayes Street

**Market & Octavia
Community Advisory Committee
June 17, 2024**

Market and Octavia Area Plan

Local streets like Laguna, Hermann, Octavia north of Hayes, **Buchanan**, and others should be reconfigured and enhanced where necessary to **encourage walking** and slow traffic movement.

Given the legacies of land use decisions, development patterns, and investments from past eras, such as elevated freeways and redevelopment, Planning should carefully consider the needs of these adjacent neighborhoods to advance the goals of sustainability, resiliency, equity, and economic diversity. **It is particularly important that historically marginalized communities can benefit from investment and that burdens be avoided or mitigated to ensure more equitable outcomes and access to opportunity and investment.**
