

SOMA CAC Meeting

September 2022

Active Streetscape Projects

- Safer Taylor Street Project
- 6th Street Safety Improvement Project
- Minna Natoma Streetscape
- Transit Center Area Projects
- SOMA BUF Nursery Project

Safer Taylor Project

Project Description: This project is a Vision Zero priority that includes roadway, sidewalk widening, traffic signals, street lighting, water work, sewer work, landscaping and site furniture.

Project Status: Construction underway. Substantial Completion Spring 2024.

6th St Pedestrian Safety Project (Market to Howard, and at Bryant)

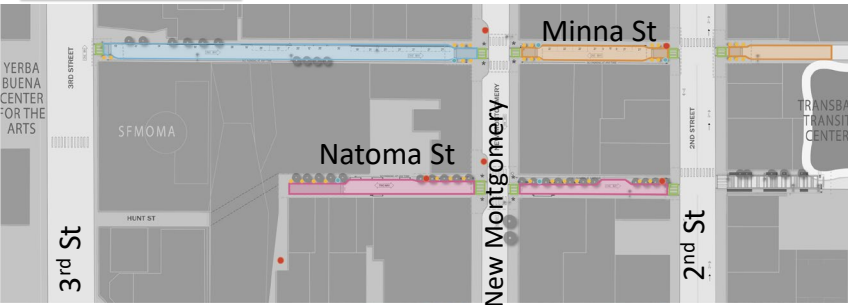

Project Description: The 6th St corridor has one of the highest concentrations of pedestrian collisions, injuries, and fatalities in San Francisco. In support of the Vision Zero initiative, this capital improvement project will create a safe and inviting place for people to walk by reducing traffic lanes, widening sidewalks, installing new traffic signals and crossings, and providing streetscape improvements.

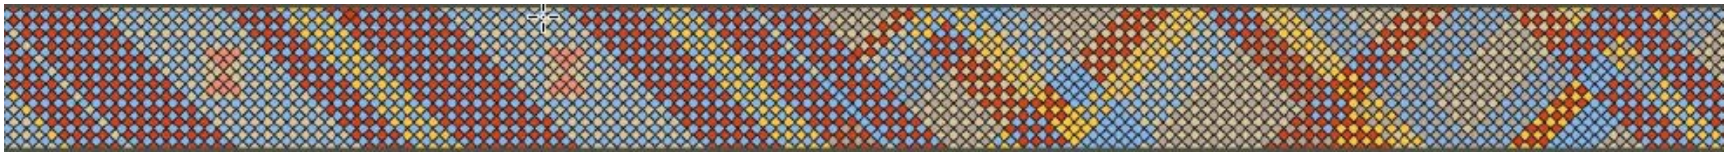

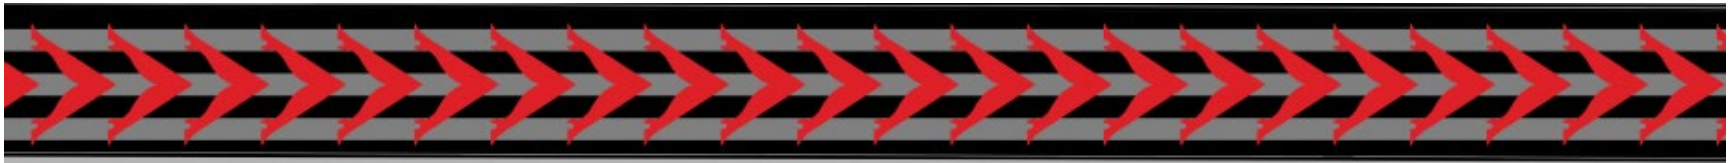

Project Status: Construction underway. Substantial Completion Spring 2024.

Minna Natoma Streetscape Project

VICINITY MAP:

Project Description: Create a safe, unique, and artistic pedestrian connection between the Salesforce Transit Center and Yerba Buena Gardens. Install pavement murals, decorative crosswalks, and street furniture, as well as widened sidewalks, traffic signals, and new roadway.

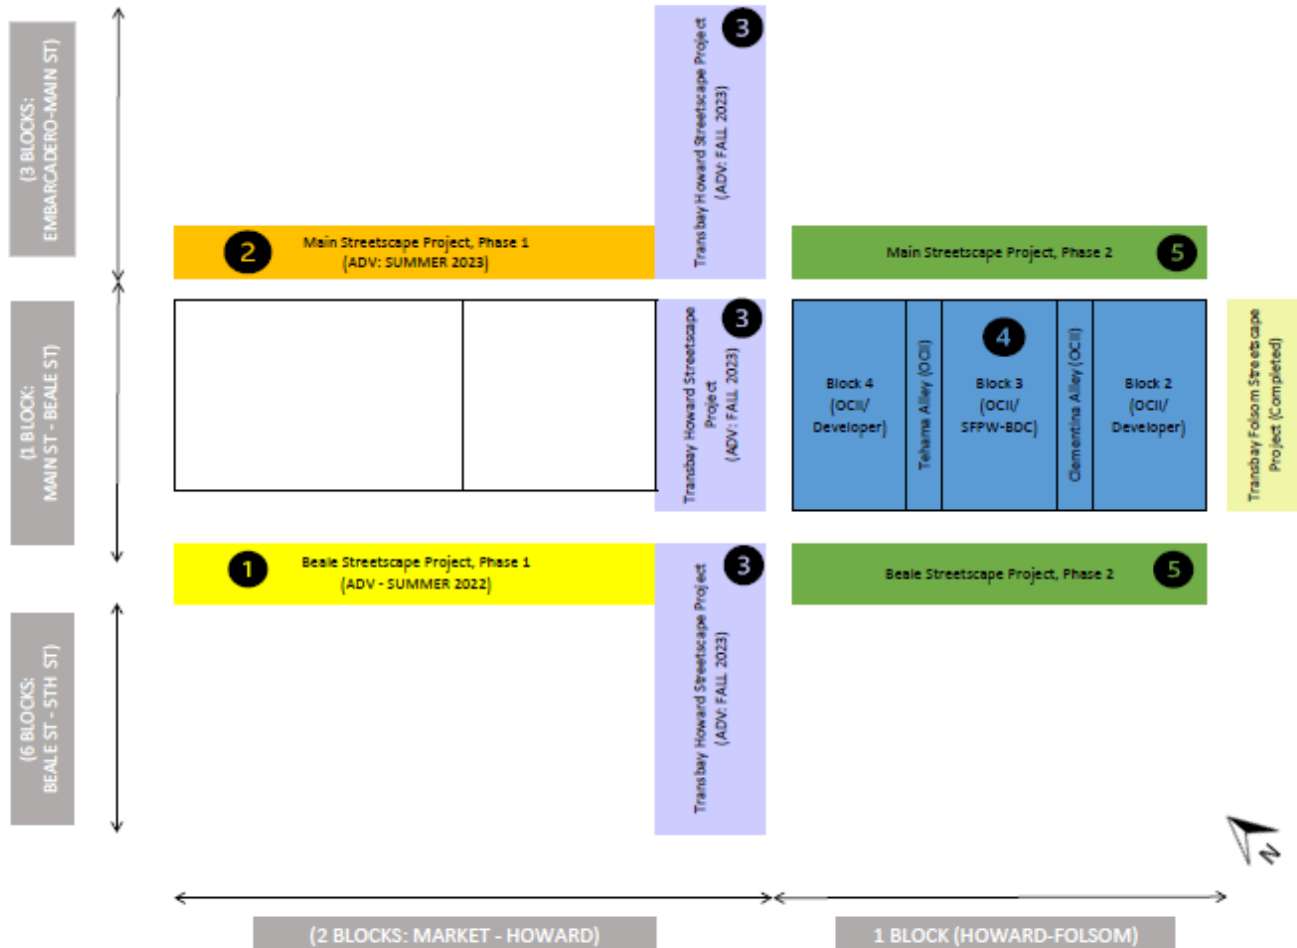

Project Status: Anticipated Advertise Fall 2022

Maintenance Responsibility: Yerba Buena CBD, East Cut CBD

CONSTRUCTION GAMEPLAN (BY PROJECTS):

DRAFT - AUGUST 2022
