COMMUNITY-BASED ORGANIZATIONS PRESENT TODAY:

The Fillmore / Western Addition is the heart of San Francisco’s Black cultural life. For generations, it has been home to vibrant Black, Japanese, and Jewish communities — a rich blend reflected in its music, businesses, festivals, and landmarks. However, Urban Renewal and Redevelopment in the mid-20th century displaced Black residents, disrupting community ties and leaving lasting impacts that are still felt today.

The Fillmore Action Plan is a partnership between the City and community members to create lasting, community-driven change. Together we’re focusing on four key areas: Housing, Health, Culture, and Workforce.

Through engagement, collaboration and consensus the plan will build a roadmap for meaningful short and long-term investments — one that honors the Fillmore’s history and uplifts its future.

PROJECT GOALS

Protect and celebrate Black cultural heritage by uplifting the Fillmore/ Western Addition’s legacy and residents.

Advance healing and reconciliation through community-led reflection, collaboration, and capacity-building.

Rebuild trust and lasting partnerships between community members, City departments, and local institutions

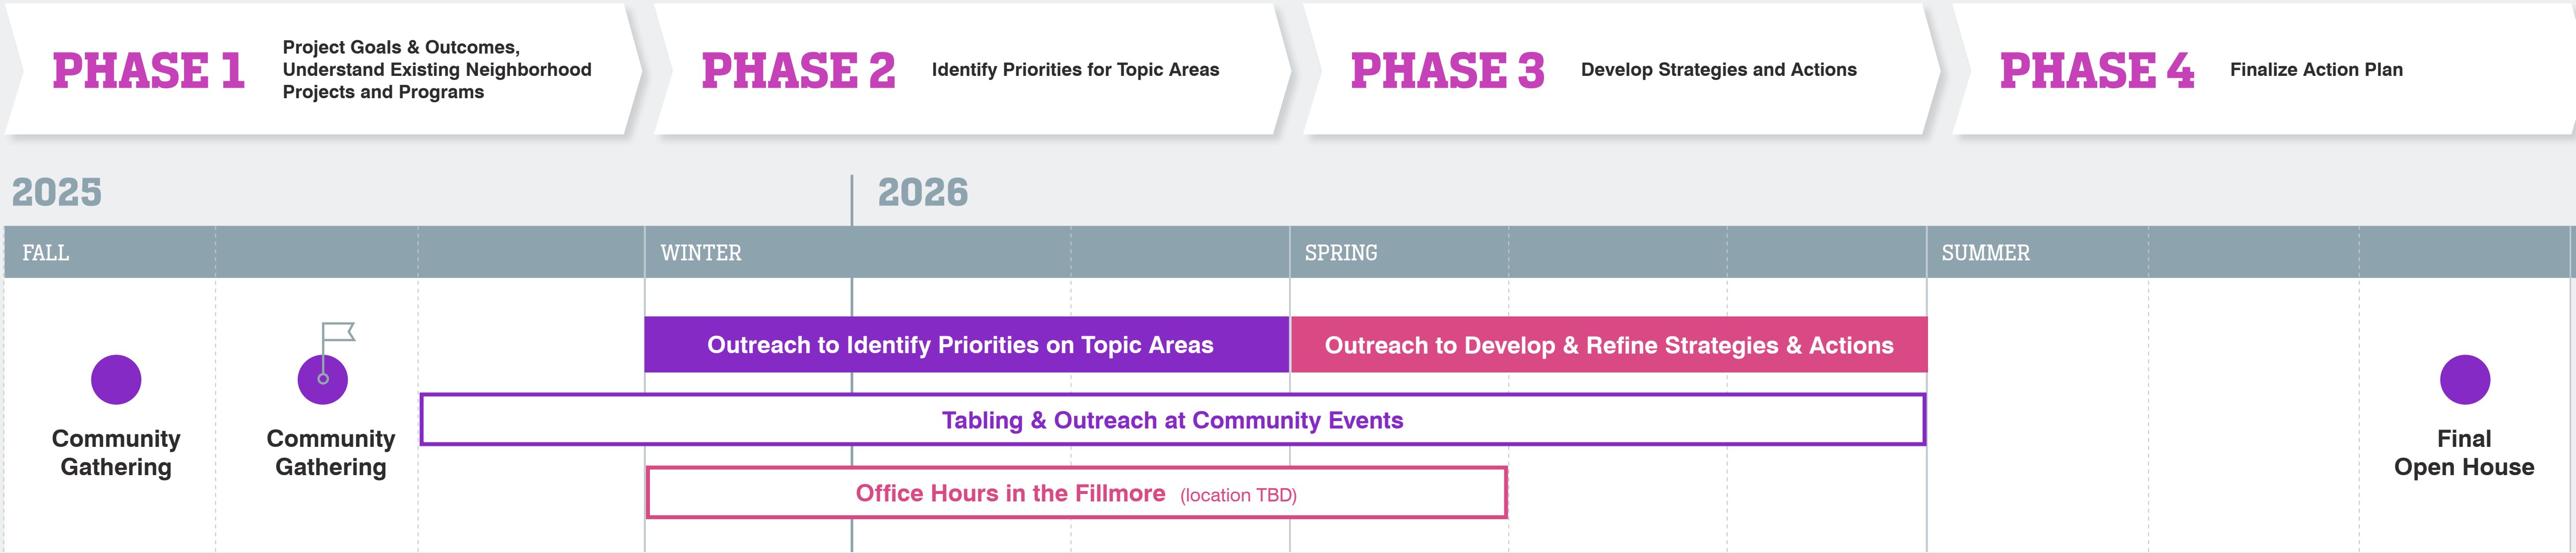

Develop an Action Plan that serves as a framework for the neighborhood and guides future City and community investments.
