RE: Extension of As-Needed Consultant Services for Environmental, Transportation, Historic Resource and Archeological Review

Dear Established Pool of Consultants,

The Request for Qualifications for as-needed consultant services establishes a Preliminary Consultant List (PCL) for projects requiring consulting services and undergoing environmental review with the San Francisco Planning Department. The existing PCL was established January 15, 2015 and has an original term of two years, which would expire in January 2017. As stated in the Request for Qualifications issued on October 6, 2014, the Planning Department may choose to extend the term of the PCL for up to one additional year.

The Department has decided to extend the PCL. Should the Department choose to renew the PCL prior to January 2018, your firm will be contacted and provided sufficient advanced notice of the issuance of a new Request for Qualifications.

We look forward to our continuing work with you. Please contact me at (415) 575-9018 or Jessica.Range@sfgov.org if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Jessica Range".
