The Ordinance amends the Planning Code by revising Sections 204.3, 703, 803.2, and 803.3, to allow Catering as an Accessory Use to Limited Restaurants under certain conditions.

The Way It Was:

1. Catering Uses were permitted as an Accessory Use to Limited Restaurants only if the products produced by the Catering Use were for retail sale on site.

The Way It Is Now:

1. Catering Uses are allowed as an Accessory Use to Limited Restaurants without having to provide their products for retail sales on site, but only under the following conditions:
 - The Catering Use does not operate more than 75% of the total time within the Limited Restaurant's hours of operations on any given day.
 - The Catering Use does not distribute or deliver individual meals to customers directly from the subject lot, either by its own means, or through a third-party delivery service.
