STATE-MANDATED ADU PROGRAM

The State ADU Program allows the addition of ADUs to existing or proposed dwellings. This fact sheet provides a summary of State Law and Planning Code options for creating Accessory Dwelling Units (ADUs) utilizing the State ADU Programs. Please reference Board File No. 201008 for additional details included in the Planning Code with State Law. Please note there may be other Code requirements that apply.

This fact sheet summarizes State Law and Planning Code options for creating Accessory Dwelling Units (ADUs) with State ADU Programs. ADUs in the State Program are subject to the following:

- 60-day review timeframe
- No subjective design review
- Not subject to review under the California Environmental Quality Act (CEQA)
- Not subject to Planning Code Section 311 neighborhood notification requirements
- No discretionary review opportunity
- Shortened appeal window with appeals heard within 10-30 days of filing

See Board File No. 201008 for additional details.

TWO DIFFERENT CATEGORIES OF ADUs UNDER STATE LAW

Streamlined ADUs: Streamlined ADUs are permitted within existing or proposed single-family and multi-family dwellings. They are the most flexible in that compliance with the Planning Code (e.g. rear yard, exposure, etc.) is not required. They are only permitted on properties where there are no other ADUs.

Ministerial ADUs: Ministerial ADUs are permitted within existing or proposed single-family dwellings and existing multi-family dwellings. These ADUs need to comply with Planning Code requirements (e.g. rear yard, exposure, etc.), except for density. They include a new type of ADU called the Junior ADU (JADU).

Junior ADUs: Junior ADUs are allowed within existing or proposed single-family dwellings. General eligibility requirements for JADUs include:

- Converting no more than 500 square feet of the existing or proposed single-family dwelling or existing authorized detached structure into a JADU
- Owner occupancy in either the primary unit or JADU
- An entrance that is separate from the main entrance of the primary unit
- Must include an efficiency kitchen
- May or may not include shared sanitation facilities

LOCAL ADU PROGRAM

- The Local ADU Program allows adding ADUs to existing or proposed single- and multi-family buildings (subject to relevant requirements and Codes).
  - When waivers are sought under the Local ADU Program, a Costa-Hawkins Regulatory Agreement may be required. The number of ADUs allowed varies.
  - State law may prevent the City from subjecting some ADUs to the rent stabilization provisions of the San Francisco Rent Ordinance.

See the Local ADU Program Fact Sheet for more information.

</table>
| **Maximum size**             | N/A           | If there are existing primary dwellings:  
• Studios and 1 bedroom ADUs within the primary structure would be permitted up to 850 sf A  
• 2+ bedroom ADUs within the primary structure would be permitted up to 1,000 sf A  
If there is a proposed new construction multi-family dwelling:  
• No maximum sf for ADUs. | Studios and 1 bedroom ADUs would be permitted up to 850 sf.  
2+ bedroom ADUs would be permitted up to 1,000 sf. | N/A |
| **Maximum height**           | N/A           | 16 ft        | 16 ft        | N/A                                | 16 ft |
| **Rear and side setbacks**   | N/A           | No setback is required if the ADU is located within an existing living area or an existing accessory structure, or an ADU that replaces an existing structure and is located in the same location and constructed to the same dimensions as the structure being replaced.  
If the ADU does not comply with the above, a setback of 4 feet is required from side and rear lot lines. | N/A | 4 ft C |
| **Expansions**               | N/A           | Yes, expansions are limited by the size restrictions above. | N/A | N/A |
| **Access**                   | Exterior entrance required. | Independent entrance required. | Exterior entrance required. |
| **Kitchen**                  | Full kitchen required. | | |
| **Deed restrictions**        | Property owner must complete DBI screening form, if applicable. | | |

### Table Notes:

A. Or 50% of existing primary dwelling, whichever is greater  
B. For existing multi-family dwellings: up to 25% of the number of existing legal dwellings within the structure, whichever is greater. Such square footage must not take away habitable space from a dwelling.  
C. Or the required rear and side setback requirements, whichever is greater
