WHAT IS A HOUSING DEVELOPMENT STREAMLINED APPROVAL USING ASSEMBLY BILL 2011 (AB 2011)?

In response to California's housing crisis, the State Legislature has introduced numerous bills to fund, incentivize, and legalize new housing, including Assembly Bill 2011 (AB 2011) in 2022. Assembly Bill 2243 (AB 2243), adopted in 2024, further amended AB 2011. Generally, AB 2011 creates a ministerial approval process for multifamily housing developments on certain sites where office, retail or parking are principally permitted in exchange for certain amounts of on-site affordable housing and workforce commitments.

IS MY PROJECT ELIGIBLE FOR HOUSING DEVELOPMENT STREAMLINED APPROVAL USING AB 2011?

In order to be eligible for streamlining, the project must meet all of the development and eligibility criteria in CA Govt. Code Section 65912.100 et seq. Please review [Planning Director Bulletin 9](#) and CA Govt. Code Section 65912.100 et seq. for additional information. This section summarizes certain general requirements. In the event of any conflict between the provisions of the CA Govt. Code Section 65912.100 et seq, and this AB 2011 application, the Government Code shall control.

This housing development streamlined approval application is for 100% affordable housing projects only. To qualify as a 100% Affordable Housing Project, 100% of the units, excluding managers units, must be dedicated to low income households (80% AMI per HUD income levels) and deed restricted for at least a period of 55 years for rental projects and 45 years for ownership projects.

AB 2011 100% Affordable Housing Projects must:

- propose at least five dwelling units and be considered a Housing Development Project as defined in CA Govt. Code Section 65912.101(e);
- meet minimum density requirements of 30 units/acre; and
- meet all other objective standards within the Planning Code, and agree to minimum labor/workforce standards.

WHAT IS THE PROCESS FOR HOUSING DEVELOPMENT STREAMLINED APPROVAL USING AB 2011?

To apply for AB 2011 approval, please submit a complete AB 2011 Application. AB 2011 projects on vacant sites require notification to the California Native American Tribes and must submit a Notice of Intent to initiate the tribal notification process. Any requested tribal consultation must be completed before the applicant can submit an AB 2011 application. More information is available in Planning Director Bulletin 5.

Following any required tribal notification, projects seeking approval under AB 2011 must submit a complete application package to the Planning Department.

The Planning Department will determine if the development application is complete within 30 days from submittal of the application. Following a completeness determination, the Department will determine eligibility and compliance with objective standards within 60 days from submittal for projects of 150 units or fewer or 90 days from submittal for projects with more than 150 units. The Planning Department will either approve or deny the project within 60 or 90 days from when the project is deemed consistent with objective standards depending on whether the project is 150 units or fewer or more than 150 units.

Certain requirements, including workforce requirements, Phase 1 environmental review and mitigation, replacement dwelling unit requirements, and commercial relocation requirements will be included as conditions on the site permit and must be recorded in a Notice of Special Restrictions.

FEE

After you submit your application, Planning calculates your fees based on your estimated construction cost. You must pay the full development application fee for your application to be complete. If Planning staff spend more time or materials than the initial fee covers, the Department charges extra fees based on time and materials. See the [Fee Schedule](#) for details
