

# **Accessory Dwelling Unit (ADU)**

# Process, Resources, and Checklists (for multi-family properties and some single-family homes\*)

Learn what's needed for a complete application, so you can save time and streamline your permit.

\*This document applies to single-family homes adding more than one ADU and to single-family homes that do not meet all requirements and require a waiver.

Here you'll find requirements and resources from City agencies that will review the project, including San Francisco Planning, Department of Building Inspection (DBI), San Francisco Fire Department, Public Works, and Public Utilities Commission (PUC).

#### **ADU Process**

Be aware of the permit process so you know what's expected and can be prepared. For details, please see here.

Learn & decide	Prepare plans	Apply	Review	Approve & start
•	•	•	•	•
Check our rules and fees to decide if you want to add an ADU.	See our requirements to design an ADU to meet our rules.	Submit your ADU application online.	We will review your plans. Most ADU plans need changes.	You must have a job card to start construction.

#### **ADU Resources**

Get info and answers about potential code issues so you can prepare plans that are more likely to be compliant

<u>ADU Handbook</u>: Details on common City property types to help homeowners and design professionals.

<u>Plan Submittal Guidelines</u>: What's needed for good drawings.

<u>DBI Information Sheet G-23</u>: Multiagency resource for ADUs.

<u>Pre-Application Meeting</u>: Details for optional meetings with DBI, Planning, and Fire about potential code issues that might slow the permit process.

### **ADU Checklists**

Learn what you'll need for a complete application, so you can save time and streamline the permit process. Follow the instructions for each section.

You and your design professional MUST complete the checklist items:

- Property Information
- Plan set checklist
- Required applications and forms checklist
- Applicant's affidavit

Look up your property and zoning information at: propertymap.sfplanning.org

Property Information									
Project Address		Block	Block Lot Zoning District		Historic Status (circle)				
								Article 10 Article 11	CEQA: A / B / C
Project Contact Name Email		Email			Phone		Total Excavation		
								Cubic Yards:	Max Depth:
Dwelling Unit Count Nun		Numbe	ber of Stories		Bldg. Construction Type		Bldg. Occupancy		
(E) per 3R	# ADUs proposed	(E) (N)			(E)	(N)	(E)	(N)	
Fire Sprinklers Present				Fire Alarm (Manual/Automatic)					
(Y/N) Areas Covered			(Y/N)		Areas Covered				

Plan set checklist				
(to be reviewed & completed by a design professional)				
Your site plan should include these components	When is it required?	Is it shown on plans?		
Separate existing and proposed site plans: showing all buildings on the lot	Only if exterior changes proposed			
Adjacent lots showing outlines of all buildings on adjacent properties	Yes			

Direction of true north: show project north if it is different from true north  Dimensions: show the distance from the existing building walls to property lines and other structures on the lot. Include dimensions between new dwelling unit walls and property lines, and width of sidewalk from front property line to curb  Landscape and permeable surface: show the required front setback  Usable open space: show the dimensions of decks, terraces and yards  Curb cuts: if vehicle parking is to be removed, show curb cut(s) to be removed and note "remove curb cut"  Street tree: show the location of existing and proposed street trees or add a notation if you pay the inlieu fee  FDC and hydrants: show location of proposed fire department connection (FDC) and low-pressure fire hydrants, and distance between FDC to nearest hydrant  Fire: location of proposed fire underground service connection and backflow preventer  Sprinkler: location of the sprinkler riser and required clearances  Existing and proposed floor plans must show these components for all floors  On all plan views: label the street names, rooms, areas, exits and egresses  Yes
on the lot. hydrants, and distance between FDC to nearest hydrant  Fire: location of proposed fire underground service connection and backflow preventer  Sprinkler: location of the sprinkler riser and required clearances  Existing and proposed floor plans must show these components for all floors  Only for 3+ units (R2 Occupancy)  When is it required?  Is it shown plans?  On all plan views: label the street names, rooms, areas, exits and egresses  Yes
Sprinkler: location of proposed fire underground service connection and backflow preventer  (R2 Occupancy)  Only for 3+ units (R2 Occupancy)  Existing and proposed floor plans must show these components for all floors  On all plan views: label the street names, rooms, areas, exits and egresses  Yes
Existing and proposed floor plans must show these components for all floors  On all plan views: label the street names, rooms, areas, exits and egresses  (R2 Occupancy)  When is it required?  Is it shown plans?
On all plan views: label the street names, rooms, areas, exits and egresses  Yes
<b>Location of new ADU:</b> New Unit ##, and square foot area of new ADU  Yes
Existing dwelling unit: show the location of existing unit in the building and label it "Existing Unit" with all the rooms and spaces labeled according to their use(s)  Yes
Laundry and storage: show the locations  Yes
<b>Toters:</b> show location of dedicated space for trash, recycling and compost carts on private property and screened from public view. Visit <a href="https://www.recology.com/recology-san-francisco">www.recology.com/recology-san-francisco</a> for more information
Plumbing fixtures: show plumbing fixtures of all existing and proposed dwelling units including, but not limited to, dishwashers, clothes washers, and hose bibs. In lieu of the plumbing fixtures shown on plans, SFPUC will accept a completed and signed Existing and Proposed Fixture Count form
Room and glazing dimensions: show the dimensions of the room and windows in the ADU  Yes
Parking: show dimensions and outlines of all existing and proposed vehicle and bicycle parking  Yes
Meters: show existing and proposed gas and electrical meters  Yes
Exiting: location of exit(s) from existing and proposed dwelling unit(s) and the route to the public way  Only for 3+ units (R2 Occupancy)
<b>EERO:</b> location of existing and proposed bedroom escape and rescue openings and the route to the public way  Only for 3+ units (R2 Occupancy)
Egress/Exit Analysis: number of exits, exit separation, exit widths, and common path of travel distances. Show comparison between required per code and actual/proposed  Travel Path: the travel path from emergency escape and rescue openings from the opening location to public way  Only for 3+ units (R2 Occupancy)  (R2 Occupancy)
Fire Department Access Point: location of main fire department access point  Only for 3+ units (R2 Occupancy)
Fire Alarm: location of fire alarm control unit and fire alarm annunciator  Only for 3+ units (R2 Occupancy)
Building Elevations must show these components  When is it required? Is it shown plans?
Ruilding Flavations must show those components
Building Elevations must show these components required? plans?
Building Elevations must show these components  Separate existing and proposed elevations: if exterior changes are proposed, provide separate existing  Only if exterior

<b>Exterior materials:</b> if exterior changes are proposed, include existing and proposed exterior materials for new or replacement doors, windows, and exterior finish material. If an elevation is not required, this information can go elsewhere in the plan set.	Only if exterior changes proposed	
<b>Windows:</b> include dimensions, operation, material type, and fire ratings; and indicate whether adjacent to property lot line openings, and which are EEROs. Provide plan section detail of new windows.	Yes	
Sections plans must show these components	When is it	Is it shown on
Sections plans must snow these components	required?	plans?
Separate existing and proposed sections: if there is a change in floor to ceiling heights or if excavation is proposed	required?  Yes	plans?

## **Apply**

You will need to gather information and materials for your application. We will ask for your project team, location, details, and uploads. You will apply online <a href="here">here</a>.

## **Applicant's Affidavit**

Under penalty of perjury the following declarations are made:

- a) The undersigned is the owner or authorized agent of the owner on this property.
- b) The information presented is true and correct to the best of my knowledge.
- c) All required applications and forms shown in the checklist are completed and attached.
- d) Other information or applications may be required.
