

# PUBLIC PROJECT APPLICATION

The purpose of the Public Project Application is to collect all relevant information necessary for the Planning Department to appropriately conduct environmental review for a public agency project that does not require an entitlement decision from the San Francisco Planning Commission and/or review of a building permit by the department’s Current Planning division. Unless otherwise specified by your liaison at Environmental Planning, please submit a completed Public Project Application, along with necessary materials to [CPC.EPIntake@sfgov.org](mailto:CPC.EPIntake@sfgov.org).

For projects requiring an entitlement and/or review by the department’s Current Planning division, please complete a regular Project Application and submit according to the submittal instructions outlined in the application.

Once a project is received, you will be contacted regarding payment and/or any additional materials necessary. When payment and/or all missing materials are received, you will receive an email with the ENV case number and contact information for the assigned planner.
